

CHEVAL KNIGHTSBRIDGE

CHEVAL RESIDENCES IN KNIGHTSBRIDGE, LONDON

Dear Diary

11th August 2011

Cheval Knightsbridge has undertaken a major rebuild and refurbishment programme at 11-17 Cheval Place, Knightsbridge. Due to be completed by mid 2012, the development will provide 8 Apartments and 2 Penthouses. At street level there will be brand new offices for the team at Cheval Knightsbridge.

The property will boast 5 Star interior design; cutting edge technology with Samsung Smart TV's; Shaker Style Kitchens; Underfloor Heating; with full air-conditioning throughout.

Here are some of the latest images taken of the 'work so far'. These will be updated every few weeks along with the 'latest' information on how the project is going on the ground.

The good news is that there are still 22 Apartments in beautiful working order situated on Montpelier Mews and Brompton Road, so should you have a need then do get in contact;
